

Health Net Doula Program

**BRINGING YOU PERSONAL CARE AND SUPPORT
DURING YOUR PREGNANCY JOURNEY**

What is a Doula?

A doula is a birth worker who supports you during pregnancy, birth, and postpartum (the time after birth). Doulas are there to help you in person or online. The care they provide can take place during provider office visits, or in:

- Hospitals
- Birth centers
- Your home

Doulas provide care that supports birthing people from diverse backgrounds and cultures. They offer support for a more positive time during pregnancy and postpartum. Doulas offer help with the aim of improving health outcomes for birthing parents and their babies.

How a Doula can help you

Doulas support the all-around needs of pregnant and postpartum persons. They can help you:

- Define and write a birth plan.
- Learn about pregnancy and postpartum.
- Connect with community resources.
- Adjust to breastfeeding and provide support.

(continued)

Available January 1, 2025

What you can expect with your Doula program

- One visit with a doula to get to know each other.
- Up to eight more visits that can happen during the pregnancy and postpartum.
- Support during labor and birth.¹
- Up to two, three-hour postpartum visits after the end of a pregnancy.

How you can find a Doula

- Visit **healthnet.com** > *Find a Provider*.
- Enter a location (street address, city, county, or state).
- Further narrow your search by Plan Name.
- Select the type of provider ('Other Facilities') and then filter facilities by 'Doula Services'.
- Finally, click on *Print Results* to print your search results.

Questions?

Call the Member Services phone number on your Member ID card.

¹This would also apply for a delivery that ends in a stillbirth. Or, for a miscarriage or termination of pregnancy.
