At Principal®, we're known for choice. And commissions are no exception. Choose the type of commission that's the best fit for each case.

We apply the premium for each line of coverage (dental, short-term disability (STD), long-term disability (LTD), group term life, vision, accident, critical illness, hospital indemnity, and Paid Family and Medical Leave (PFML)) separately to the commission scale. When an employer has a voluntary and non-voluntary line of coverage (i.e. non-voluntary STD and voluntary STD) the premium for both is added together to determine commissions. The exception is voluntary term life, which is considered separate from group term life.
