

Get Immediate Access to Your Medical ID Card

The mobile app that puts your Medical ID Card info in the palm of your hand, so you can get care when you need it.

Now that you're enrolled, your insurance carrier may take a week – or more – to send your Medical ID Card.

But what if you need medical treatment right away? MedID can help!

MedID is a mobile identification card app that gives you a secure, easy way to instantly¹ access your health plan information as soon as your coverage is approved. You can be seen sooner and avoid the hassle of not having your Medical ID Card when you need it.

It's super easy and much more convenient than carrying around a lot of separate cards.

Features Include:

Immediate Access

Access your Medical ID Card as soon as your health insurance begins.

Information At Your Fingertips

Compatible with both iOS and Android smartphones.

Add Family Members and More

Add other family members – and your ID Cards for Dental, Vision, or other coverage.

Safe and Secure Access

Information is secure and compliant with HIPAA regulations.

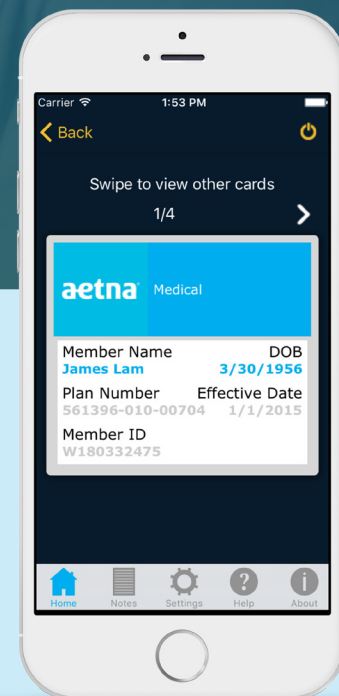

Prescription Drug Savings

Easily compare prescription costs² to see how to get the best deal.

Schedule an In-home or In-office Physician Visit

Through our partnership with Heal.com, you can schedule an in-office or in-home doctor visit at a cost of \$99 or less.³

How Does It Work?

Once your coverage is approved, simply open the MedID app and register using:

- ✓ Your First and Last Name
- ✓ Home ZIP Code
- ✓ Date of Birth

Then, enter your email address and create a password. That's all it takes to get a Medical ID Card on the spot.

Get started today by downloading the MedID app at no cost.
