

Help ensure optimal eye health.

Vision coverage can be an integral part of overall health.

A flexible plan option.

Vision benefits from UnitedHealthcare give your employees:

- Additional maternity and pediatric vision benefits.
- Access to a large network of eye-health providers.
- Integrated services that check for serious medical conditions.
- Freedom to choose treatment options and eyewear.

A customizable provider network.

Our network includes private practices and retail providers, and extends to more than 100,000 access points¹ across the country. We can even customize our provider network to help meet your needs.

Additional maternity and pediatric vision benefits at no additional premium cost.

A broad maternity vision benefit.

During pregnancy, 15% of women can experience a change in their vision.²

- **Coverage for a second eye exam** each plan year at no additional premium cost.
- **Coverage for 1 new pair of glasses (frames and lenses)** at no additional premium cost if the vision prescription changes .5 diopter* or greater in a plan year.

Benefit may not be available in all provider locations. Employees should check with their provider before using benefits.

A broad pediatric vision benefit.

A child's vision may change frequently during their school years, affecting academic and sports performance.

- **Coverage for a second eye exam** each plan year at no additional premium cost.
- **Coverage for 1 new pair of glasses (frames and lenses)** at no additional premium cost if the vision prescription changes .5 diopter* or greater in a plan year. Polycarbonate lenses for dependent children are also available at no additional premium cost.
- **Education** about important children's eye health topics is available online.

How important is vision coverage?

84%

of people said a vision plan is very or somewhat important to them.³

* A diopter is the unit used to measure the optical power of the lens an eye requires. Standard copays apply.
CONTINUED

Allowances and discounts to help reduce employees' out-of-pocket costs.

- **Flexible frame coverage***—A frame allowance fully covers many popular frames. For frames that cost more than the allowance, a discount may be applied to the overage, further reducing out-of-pocket costs.
- **Popular lens options**—High-index lenses, anti-reflective coatings and more are offered at a discount. Standard scratch-resistant coating is included at no charge.
- **Broad contact lens benefits***—Fitting and evaluation fees for many popular brands of disposable and planned replacement contacts are covered in full after applicable copayments. Up to 2 follow-up visits are also covered. For contact lenses not covered in our plan, employees can apply their allowance to the purchase of the contacts of their choice. Savings are also available throughout our online discount ordering program.
- **Laser vision correction**—Your employees have access to laser vision correction procedures at a discount with QualSight® LASIK.
- **Preferred pricing on hearing aids**—Employees can purchase custom-programmed hearing aids through UnitedHealthcare Hearing, with savings of up to 80% on industry pricing.⁴ The hearing aids use advanced technology to enhance speech understanding and comfort.

Vision care is tied to overall wellness.

Diabetes, high blood pressure, autoimmune diseases and cancers are among the illnesses that can be detected during an eye exam.⁵

Easier access to providers and vision information.

Employees can visit myuhcvision.com to access the provider locator, get door-to-door directions, print a vision ID card, find answers to questions and more. This way, they don't have to come to you for information.

Further your employees' overall health with vision benefits.

UnitedHealthcare Vision provides your employees with additional coverage that may contribute to their overall health and help save them money.

Contact your broker or UnitedHealthcare representative for additional information.

*Benefit applies to frame or contact lenses. Frame discounts do not apply when prohibited by frame manufacturer.
