Additional plan enhancements may be available. Please contact your UHC Specialty Benefits representative for availability and pricing on the following enhancements.

UnitedHealthcare applies SIC factors to rate calculations for our 2 to 50 small group segment. This will aid in providing your client with the most favorable and competitive dental rate based on their industry classification. Quotes provided from United eServices will have the appropriate factors automatically embedded in them.

#### The information below will help you determine if a SIC factor applies to your client.

SIC codes not listed below are base rates (industry factor 1.0) and require no additional adjustments from the base rates on the preceding pages.

Industry Category	4-Digit SIC Code	Industry Factor
Construction	1500-1799	0.95
Transportation & Public Utilities	4000-4971	0.95
Finance, Insurance, and Real Estate	6000-6799	1.05
Dental Offices*	8020-8021	Ineligible for Quoting
All other		1.00

\* Dental Offices (SIC 8020, 8021) are ineligible for quoting. Please contact your UnitedHealthcare sales representative for more information.

Your UnitedHealthcare Sales Representative will supply you with a very simple Microsoft Excel-based tool to apply the SIC factor (if applicable) to your group's final rates. The output from this tool should be included with a copy of the rate card used when submitting your group's enrollment materials for installation. Please contact your UnitedHealthcare Sales representative for more information.
