

# DeltaCare® USA

**A copay plan with more than you might expect  
for less less than you think.**

Delta Dental knows that convenience doesn't need to come at a high cost — that's why we offer DeltaCare USA copay plans that combine easy-to-use dental benefits with affordable rates. Plus, our copay plans offer distinct features that help attract and retain top employees.

## Dental benefits with distinction

- A seamless, no-loss/no-gain transition for orthodontics in progress
- Extractions for orthodontics that could save enrollees hundreds of dollars out-of-pocket
- Tooth-colored fillings for any tooth — anterior or posterior
- No lab fees or other hidden fees
- No additional charges for high metals, noble metals, porcelain, etc

DeltaCare USA plans cover more than 400 procedures, including additional cleanings at reduced copayments, bleaching, night guards and porcelain crowns for most plans.<sup>1</sup> Plus, our orthodontic treatment in-progress provision allows new enrollees to continue treatment with their current orthodontist, even if he or she isn't in our DeltaCare USA network.

Don't sacrifice quality for affordability. DeltaCare USA combines convenience, attractive benefits and affordable rates.

<sup>1</sup> Benefits may vary by contract. Register online at [deltadentalins.com](http://deltadentalins.com) to view plan documents online after implementation.

## Orthodontic coverage

Our DeltaCare USA plans offer orthodontic clear aligner therapy (i.e. Invisalign and Sure Smile) at no additional cost to the patient.<sup>2</sup> The plans cover all three phases of orthodontics — limited, interceptive and comprehensive.

## Simplicity for enrollees

Our DeltaCare USA plans also offer all of the conveniences of a traditional dental copay plan:

- No deductibles or maximums<sup>3</sup>
- No claim forms
- Low or no copayments for preventive care
- Out-of-area emergency provision

Employees select a DeltaCare USA primary care dentist and pay their set copayment directly to the dentist. Our primary care dentists even coordinate specialty care. No paperwork — no hassle.

## No-fuss program management

Our DeltaCare USA plans are as easy for benefits administrators to manage as they are for employees to use. We've made it easy to take care of business, with convenient online resources:

- **Benefits administrator support guide.** A road map, survival guide and FAQ all in one.
- **Wellness library.** A treasure trove of dental wellness content, including a risk assessment tool, wellness videos and articles.

For information about purchasing our copay plans, contact your Delta Dental sales representative, or visit [deltadentalins.com](https://deltadentalins.com) today.

<sup>2</sup> DeltaCare USA providers cannot balance bill for clear aligners and other specialized alternatives.

<sup>3</sup> Deductibles and maximums may apply for services provided by an out-of-network dentist — refer to plan documents for benefits. To find out more about the network in your state, contact your Delta Dental sales representative.
