
Small business ACA-compliant HMO medical plans with infertility benefits

Benefits

50% coinsurance, no annual maximum

- Services for diagnosis and treatment of infertility
- Artificial insemination
- Services for gamete intrafallopian transfer (GIFT), limited to 1 treatment cycle per lifetime
- Benefits aren't subject to deductible and don't accrue to the out-of-pocket maximum, except for High Deductible Health Plans (HDHPs).

Exclusions

- Services to reverse voluntary, surgically induced infertility
- All other services related to conception by artificial means (except for GIFT), such as:
 - In vitro fertilization (IVF)
 - Zygote intrafallopian transfer (ZIFT)
 - Ovum transplants
 - Procurement and storage of semen and eggs

Underwriting guidelines

- Minimum of 20 eligible employees.
- Kaiser Permanente is the sole carrier.
- Benefits will be added to all ACA-compliant HMO plans offered.
