## TRUSTED BY CALIFORNIANS FOR OVER 20 YEARS.

When we started CaliforniaChoice® in 1996, the idea of offering a program that provided small businesses and their employees access to multiple health insurance carriers and benefits was truly revolutionary. Today, we're pleased to offer eight health plans and more than 100 PPO, HMO, EPO, and HSA plan design options.

## GREATER ACCESS TO DOCTORS, SPECIALISTS, AND HOSPITALS

CaliforniaChoice offers health plans in all of the Affordable Care Act's (ACA) four metal tiers: Bronze, Silver, Gold, and Platinum. Each tier offers a different percentage of shared health care costs for the employee, ranging from 10% to 40% (with the health plan paying the other 90% to 60%), as shown to the right. This can significantly increase the number of plans, doctors, and specialists available to your employees.

METAL TIERS:	(% Paid by Health Plan / Employee)	
BRONZE	60%	40%
SILVER	70%	30%
GOLD	80%	20%
PLATINUM	90%	10%

Please keep in mind that some plans may pay a different percentage of health care costs than what is shown above for each tier; refer to each plan's summary of benefits for specific covered percentage details.

## 1. CHOOSE YOUR METAL TIER(S)

## 2. Define Your Monthly Contribution

Your broker will share plan premium information with you. Select your preferred plan and whether you want to pay a **Fixed Percentage** of costs (select from 50% to 100%) or a **Fixed Dollar Amount** toward that plan.

## 3. Employees Select Their Benefits

After you select your metal tier(s) and define your contribution, each employee is provided with a personalized worksheet that spells out all options available, and the specific costs involved. Your employees also have access to other tools at calchoice.com that make it easy to determine which plans best meet their needs.

*On the following pages you'll find a summary of the benefits offered in each tier level.

1. The annual out-of-pocket maximum is the total amount the member must pay for certain services in a calendar year.
2. There may be an office visit copay if the primary purpose of a visit is not preventive or other services are provided.
3. Percentage copayment amounts are based on WHA's contracted rates with the provider of service.
4. See copayment summary for applicable prosthetic/orthotic device copayment amount.
5. See plan specific EOC for information on preventive services.
6. Maximum member responsibility.

7. Limited to one pair of glasses with standard lenses or one pair of standard hard or six soft contact lenses instead of glasses.

8. Copayments do not contribute to out-of-pocket maximum.
9. Regardless of medical necessity or generic availability, the member will be responsible for the applicable copayment when a Tier 2 or Tier 3 medication is dispensed. If a Tier 1 medication is available and the member elects to receive a Tier 2 or Tier 3 medication without medical indication from the prescribing physician, the member will be responsible for the difference in cost between the Tier 1 and the purchased medication in addition to the Tier 1 copayment. The amount paid for the difference in cost does not contribute to the out-of-pocket maximum.

\* All services are subject to the deductible unless otherwise stated.

- See plan specific EOC for information on preventive services.
- When an individual member of a family unit has paid an amount of Deductible and Copayments for the Calendar Year equal to the Individual Out-of-Pocket Maximum, no further Copayments will be due for Covered Services for the remainder of that Calendar Year. The remaining family members will continue to pay the applicable Copayment until the member satisfies the Individual Out-of-Pocket Maximum or until the family, as a whole, meets the Family Out-of-Pocket Maximum.
- For Specialty drugs, please see plan specific EOC.
- In instances where the contracted rate is less than your copayment, you will pay only the contracted rate.
- Maximum member responsibility.
- The Family Deductible is an embedded deductible. When an individual member of a family unit satisfies the Individual Deductible for the Calendar Year, no further Deductible will be required for that individual member for the remainder of the Calendar Year. The remaining family members will continue to pay full member charges for services that are subject to the deductible until the member satisfies the Individual Deductible or until the family, as a whole, meets the Family Deductible.
- Cost share for telehealth is the same as the in-person visit, please refer to the specific in-person service amount.
- For members who are not part of a family plan, once the member meets the "single" deductible, if applicable, the member is responsible for the specific cost sharing until the

"single" OOPM is met. Once the "single" OOPM is met, Sutter Health Plus pays all costs for covered services. For members who are part of a family plan, once an individual member of the family meets the "individual family member" deductible, if applicable, only the individual member is responsible for the specific cost sharing until either that member meets the "individual family member" OOPM, or until the family as a whole meets the "family" OOPM, whichever comes first. Once the family as a whole meets the "family" deductible, if applicable, all members of the family are responsible for the specific cost sharing, regardless of whether each family member met their "individual family member" deductible, until either an individual member meets the "individual family member" OOPM, or until the family as a whole meets the "family" OOPM, whichever comes first. Once an individual member of the family meets the "individual family member" OOPM, Sutter Health Plus pays all costs for covered services only for that individual member. Once the family as a whole meets the "family" OOPM, Sutter Health Plus pays all costs for covered services for all family members, regardless of whether each family member met their "individual family member" OOPM. For high-deductible health plans (HDHPs), in a "family" plan, an "individual family member" deductible must be the higher of the specified "single" deductible amount or the Internal Revenue Service (IRS) minimum of \$2,800 for 2021 plans.

\* All services are subject to the deductible unless otherwise stated.

- The Family Deductible is an embedded deductible. When an individual member of a family unit satisfies the Individual Deductible for the Calendar Year, no further Deductible will be required for that individual member for the remainder of the Calendar Year. The remaining family members will continue to pay full member charges for services that are subject to the deductible until the member satisfies the Individual Deductible or until the family, as a whole, meets the Family Deductible.
- When an individual member of a family unit has paid an amount of Deductible and Copayments for the Calendar Year equal to the Individual Out-of-Pocket Maximum, no further Copayments will be due for Covered Services for the remainder of that Calendar Year. The remaining family members will continue to pay the applicable Copayment until the member satisfies the Individual Out-of-Pocket Maximum or until the family, as a whole, meets the Family Out-of-Pocket Maximum.
- For Specialty drugs, please see plan specific EOC.
- Maximum member responsibility.
- See plan specific EOC for information on preventive services.
- In instances where the contracted rate is less than your copayment, you will pay only the contracted rate.
- Medical or prescription services may be subject to a deductible. The member must pay for these services when services are rendered until the deductible is met in that calendar year. Charges under the deductible are based on WHA's contracted rates with the provider of service.
- The annual out-of-pocket maximum is the total amount that the member must pay for certain services in a calendar year.
- The deductible and annual out-of-pocket maximum amounts are embedded, i.e. each member in the family must meet the individual amount or the family must meet the family amount before benefits will apply for that member.

- Cost share amount varies based on type of services rendered.
- Percentage copayment amounts are based on WHA's contracted rates with the provider of service.
- Regardless of medical necessity or generic availability, the member will be responsible for the applicable copayment when a Tier 2 or Tier 3 medication is dispensed. If a Tier 1 medication is available and the member elects to receive a Tier 2 or Tier 3 medication without medical indication from the prescribing physician, the member will be responsible for the difference in cost between the Tier 1 and the purchased medication in addition to the Tier 1 copayment. The amount paid for the difference in cost does not contribute to the out-of-pocket maximum.
- There may be an office visit copay if the primary purpose of a visit is not preventive or other services are provided.
- Copayments do not contribute to out-of-pocket maximum.
- See copayment summary for applicable prosthetic/orthotic device copayment amount.
- Limited to one pair of glasses with standard lenses or one pair of standard hard or six pairs of standard soft contact lenses instead of glasses.

† HSA Qualified High Deductible Plan

\* All services are subject to the deductible unless otherwise stated.

1. See plan specific EOC for information on preventive services.

2. For Specialty drugs, please see plan specific EOC.

3. Maximum member responsibility.

4. The Family Deductible is an embedded deductible. When an individual member of a family unit satisfies the Individual Deductible for the Calendar Year, no further Deductible will be required for that individual member for the remainder of the Calendar Year. The remaining family members will continue to pay full member charges for services that are subject to the deductible until the member satisfies the Individual Deductible or until the family, as a whole, meets the Family Deductible.

5. When an individual member of a family unit has paid an amount of Deductible and Copayments for the Calendar Year equal to the Individual Out-of-Pocket Maximum, no further Copayments will be due for Covered Services for the remainder of that Calendar Year. The remaining family members will continue to pay the applicable Copayment until the member satisfies the Individual Out-of-Pocket Maximum or until the family, as a whole, meets the Family Out-of-Pocket Maximum.

6. In instances where the contracted rate is less than your copayment, you will pay only the contracted rate.

7. For members who are not part of a family plan, once the member meets the "single" deductible, if applicable, the member is responsible for the specific cost sharing until the "single" OOPM is met. Once the "single" OOPM is met, Sutter Health Plus pays all costs for covered services. For members who are part of a family plan, once an individual member of the family meets the "individual family member" deductible, if applicable, only the individual member is responsible for the specific cost sharing until either that member meets the "individual family member" OOPM, or until the family as a whole meets the "family" OOPM, whichever comes first. Once the family as a whole meets the "family" deductible, if applicable, all members of the family are responsible for the specific cost sharing, regardless of whether each family member met their "individual family member" deductible, until either an individual member meets the "individual family member" OOPM, or until the family as a whole meets the "family" OOPM, whichever comes first. Once an individual member of the family

meets the "individual family member" OOPM, Sutter Health Plus pays all costs for covered services only for that individual member. Once the family as a whole meets the "family" OOPM, Sutter Health Plus pays all costs for covered services for all family members, regardless of whether each family member met their "individual family member" OOPM. For high-deductible health plans (HDHPs), in a "family" plan, an "individual family member" deductible must be the higher of the specified "single" deductible amount or the Internal Revenue Service (IRS) minimum of \$2,800 for 2021 plans.

8. Cost sharing also applies to other practitioner office visits. These include therapy visits, and other office visits not provided by either primary care physicians or specialists, or visits not specified in another benefit category such as Sutter Walk-in Care visits.

9. Member cost sharing payments for all essential health benefits (EHBs) accumulate toward the OOPM. This includes cost sharing that accumulates toward an applicable deductible. This does not include cost sharing for most optional benefits.

10. Individual with self-only coverage amount / Individual with family coverage amount / Family coverage amount.

11. Cost sharing applies per prescription for up to a 30-day supply of prescribed and medically necessary generic or brand-name drugs in accordance with formulary guidelines. Except for specialty drugs, up to a 100-day supply is available, at twice the 30-day retail copayment price, through the mail-order pharmacy. Specialty drugs are available for up to a 30-day supply through the specialty pharmacy. Cost sharing for a 12-month supply of FDA-approved, self-administered hormonal contraceptives, when applicable, will be 12 times the retail cost or four times the mail-order cost. Member cost sharing for oral anti-cancer drugs shall not exceed \$250 per prescription for up to a 30-day supply. For HDHP plans, this \$250 maximum will not apply until after the deductible is met.

† HSA Qualified High Deductible Plan

\* All services are subject to the deductible unless otherwise stated.

- Medical or prescription services may be subject to a deductible. The member must pay for these services when services are rendered until the deductible is met in that calendar year. Charges under the deductible are based on WHA's contracted rates with the provider of service.
- The annual out-of-pocket maximum is the total amount that the member must pay for certain services in a calendar year.
- There may be an office visit copay if the primary purpose of a visit is not preventive or other services are provided.
- Percentage copayment amounts are based on WHA's contracted rates with the provider of service.
- See copayment summary for applicable prosthetic/orthotic device copayment amount.
- See plan specific EOC for information on preventive services.
- Limited to one pair of glasses with standard lenses or one pair of standard hard or six pairs of standard soft contact lenses instead of glasses.

- Maximum member responsibility.
- Individual with self-only coverage amount / Individual with family coverage amount / Family coverage amount.
- The deductible and annual out-of-pocket maximum amounts are embedded, i.e. each member in the family must meet the individual amount or the family must meet the family amount before benefits will apply for that member.
- Regardless of medical necessity or generic availability, the member will be responsible for the applicable copayment when a Tier 2 or Tier 3 medication is dispensed. If a Tier 1 medication is available and the member elects to receive a Tier 2 or Tier 3 medication without medical indication from the prescribing physician, the member will be responsible for the difference in cost between the Tier 1 and the purchased medication in addition to the Tier 1 copayment. The amount paid for the difference in cost does not contribute to the out-of-pocket maximum.
- Copayments do not contribute to out-of-pocket maximum.
- Cost share amount varies based on type of services rendered.

† HSA Qualified High Deductible Plan

\* All services are subject to the deductible unless otherwise stated.

1. Home Health Care visit part-time/intermittent coverage (2 hour(s) maximum per visit(s), 3 visit(s) maximum per day(s), 100 visit(s) maximum per calendar year).

2. DHMO Basic Services copayments vary by procedure within this category. Using a statistically significant set of claims data, the plan's average copay charged for procedures in this category cannot exceed the stated amount.

3. DHMO Major Services copayments vary by procedure within this category. Using a statistically significant set of claims data, the plan's average copay charged for procedures in this category cannot exceed the stated amount.

4. In a family plan, each individual in the family must meet the Individual Deductible, until the Family Deductible is met. The Out-of-Pocket Maximum includes the deductible, copayments, and coinsurance. In an individual plan, the Member is responsible for all applicable deductibles, copayments, and coinsurance up to the Self-Only Out-of-Pocket Maximum. In a family plan, the Member is responsible for all deductibles, copayments, and coinsurance up to the Individual Out-of-Pocket Maximum, until the combined deductibles, copayments and coinsurance equal the Family Out-of-Pocket Maximum. When the family's combined deductibles, copayments and coinsurance equal the Family Out-of-Pocket Maximum, all family members have met the Out-of-Pocket Maximum.

5. See plan specific EOC information on preventive services.

6. Certain prosthetics, orthotics and devices may be available at no cost (after deductible, if deductible applies). Please refer to the Evidence of Coverage for more information on Durable Medical Equipment (DME), prosthetics, orthotics and devices. Most DME for home use, prosthetics, orthotics and devices are not covered.

7. Refers to procedure code D0999

8. Copayment/Coinsurance waived if seen by a nurse or in an out-patient setting.

9. Amount listed for In-Patient Services only.

10. 1 pair of glasses or 1 pair of contact lenses per accumulation period.

11. Copayments for supplemental benefits (Assisted Reproductive Technologies, Chiropractic Services, Adult Vision, etc.) do not apply to the annual out-of-pocket maximum.

12. Under a family contract, when an insured satisfies the individual deductible amount, no further deductible is required for that insured for the remainder of that calendar year; however, an insured may not contribute an amount greater than the individual deductible toward the family deductible.

13. Under a family contract, an insured can satisfy their individual out-of-pocket maximum; however, an insured may not contribute an amount greater than the individual maximum copayment limit toward the family maximum.

† HSA Qualified High Deductible Plan

\* All services are subject to the deductible unless otherwise stated.

- For members who are not part of a family plan, once the member meets the "single" deductible, if applicable, the member is responsible for the specific cost sharing until the "single" OOPM is met. Once the "single" OOPM is met, Sutter Health Plus pays all costs for covered services. For members who are part of a family plan, once an individual member of the family meets the "individual family member" deductible, if applicable, only the individual member is responsible for the specific cost sharing until either that member meets the "individual family member" OOPM, or until the family as a whole meets the "family" OOPM, whichever comes first. Once the family as a whole meets the "family" deductible, if applicable, all members of the family are responsible for the specific cost sharing, regardless of whether each family member met their "individual family member" deductible, until either an individual member meets the "individual family member" OOPM, or until the family as a whole meets the "family" OOPM, whichever comes first. Once an individual member of the family meets the "individual family member" OOPM, Sutter Health Plus pays all costs for covered services only for that individual member. Once the family as a whole meets the "family" OOPM, Sutter Health Plus pays all costs for covered services for all family members, regardless of whether each family member met their "individual family member" OOPM. For high-deductible health plans (HDHPs), in a "family" plan, an "individual family member" deductible must be the higher of the specified "single" deductible amount or the Internal Revenue Service (IRS) minimum of \$2,800 for 2021 plans.
- Member cost sharing payments for all essential health benefits (EHBs) accumulate toward the OOPM. This includes cost sharing that accumulates toward an applicable deductible. This does not include cost sharing for most optional benefits.
- Cost sharing applies per prescription for up to a 30-day supply of prescribed and medically necessary generic or brand-name drugs in accordance with formulary guidelines.

Except for specialty drugs, up to a 100-day supply is available, at twice the 30-day retail copayment price, through the mail-order pharmacy. Specialty drugs are available for up to a 30-day supply through the specialty pharmacy. Cost sharing for a 12-month supply of FDA-approved, self-administered hormonal contraceptives, when applicable, will be 12 times the retail cost or four times the mail-order cost. Member cost sharing for oral anti-cancer drugs shall not exceed \$250 per prescription for up to a 30-day supply. For HDHP plans, this \$250 maximum will not apply until after the deductible is met.

- Some drugs prescribed for sexual dysfunction, such as Cialis, Levitra or Viagra (or the generic equivalent, if available) are limited to 8 doses per 30-day supply.
- See plan specific EOC for information on preventive services.
- Pediatric eye exam and glasses or contact lenses are provided annually for members under age 19 as part of the essential health benefit for pediatric vision.
- A complete pair of glasses or standard contact lenses, in lieu of glasses, are covered every 12 months.
- When outpatient benefits have Cost Sharing that includes "deductible waived for 1st 3 non-preventive visits", the Deductible is waived for the first three non-preventive visits combined, which may include office visits, urgent care visits, or outpatient MH/SUD visits.

† HSA Qualified High Deductible Plan

\* All services are subject to the deductible unless otherwise stated.

1. Medical or prescription services may be subject to a deductible. The member must pay for these services when services are rendered until the deductible is met in that calendar year. Charges under the deductible are based on WHA's contracted rates with the provider of service.
2. The annual out-of-pocket maximum is the total amount the member must pay for certain services in a calendar year.
3. There may be an office visit copay if the primary purpose of a visit is not preventive or other services are provided.
4. Percentage copayment amounts are based on WHA's contracted rates with the provider of service.
5. See copayment summary for applicable prosthetic/orthotic device copayment amount.
6. See plan specific EOC for information on preventive services.
7. The deductible and annual out-of-pocket maximum amounts are embedded, i.e. each member in the family must meet the individual amount or the family must meet the family amount before benefits will apply for that member.

8. Maximum member responsibility.

9. Deductible waived for first three visits combined for non-preventive care, specialty care, urgent care, acupuncture and outpatient office visits for mental health/substance use disorder services.

10. Limited to one pair of glasses with standard lenses or one pair of standard hard or six soft contact lenses instead of glasses.

11. Regardless of medical necessity or generic availability, the member will be responsible for the applicable copayment when a Tier 2 or Tier 3 medication is dispensed. If a Tier 1 medication is available and the member elects to receive a Tier 2 or Tier 3 medication without medical indication from the prescribing physician, the member will be responsible for the difference in cost between the Tier 1 and the purchased medication in addition to the Tier 1 copayment. The amount paid for the difference in cost does not contribute to the out-of-pocket maximum.

12. Copayments do not contribute to out-of-pocket maximum.

13. Cost share amount varies based on type of services rendered.

### Gold HMO

(Footnotes continued from page 30)

- Refers to procedure code D0999
- For members who are not part of a family plan, once the member meets the "single" deductible, if applicable, the member is responsible for the specific cost sharing until the "single" OOPM is met. Once the "single" OOPM is met, Sutter Health Plus pays all costs for covered services. For members who are part of a family plan, once an individual member of the family meets the "individual family member" deductible, if applicable, only the individual member is responsible for the specific cost sharing until either that member meets the "individual family member" OOPM, or until the family as a whole meets the "family" OOPM, whichever comes first. Once the family as a whole meets the "family" deductible, if applicable, all members of the family are responsible for the specific cost sharing, regardless of whether each family member met their "individual family member" deductible, until either an individual member meets the "individual family member" OOPM, or until the family as a whole meets the "family" OOPM, whichever comes first. Once an individual member of the family meets the "individual family member" OOPM, Sutter Health Plus pays all costs for covered services only for that individual member. Once the family as a whole meets the "family" OOPM, Sutter Health Plus pays all costs for covered services for all family members, regardless of whether each family member met their "individual family member" OOPM. For high-deductible health plans (HDHPs), in a "family" plan, an "individual family member" deductible must be the higher of the specified "single" deductible amount or the Internal Revenue Service (IRS) minimum of \$2,800 for 2021 plans.
- Copay/Coinsurance waived if seen by nurse or in an out-patient setting.
- Amount listed for In-Patient Services only.
- Refers to procedure codes D0120 and D1120/D1110
- Refers to procedure code D8080/D8090
- Cost share for telehealth is the same as the in-person visit, please refer to the specific in-person service amount.

- Member cost sharing payments for all essential health benefits (EHBs) accumulate toward the OOPM. This includes cost sharing that accumulates toward an applicable deductible. This does not include cost sharing for most optional benefits.
- Cost sharing also applies to other practitioner office visits. These include therapy visits, and other office visits not provided by either primary care physicians or specialists, or visits not specified in another benefit category such as Sutter Walk-in Care visits.
- Cost sharing applies per prescription for up to a 30-day supply of prescribed and medically necessary generic or brand-name drugs in accordance with formulary guidelines. Except for specialty drugs, up to a 100-day supply is available, at twice the 30-day retail copayment price, through the mail-order pharmacy. Specialty drugs are available for up to a 30-day supply through the specialty pharmacy. Cost sharing for a 12-month supply of FDA-approved, self-administered hormonal contraceptives, when applicable, will be 12 times the retail cost or four times the mail-order cost. Member cost sharing for oral anti-cancer drugs shall not exceed \$250 per prescription for up to a 30-day supply. For HDHP plans, this \$250 maximum will not apply until after the deductible is met.
- Some drugs prescribed for sexual dysfunction, such as Cialis, Levitra or Viagra (or the generic equivalent, if available) are limited to 8 doses per 30-day supply.
- Inpatient MH/SUD services include, but are not limited to: inpatient psychiatric hospitalization; inpatient chemical dependency hospitalization, including detoxification; mental health psychiatric observation; mental health residential treatment; substance use disorder transitional residential recovery services in a non-medical residential recovery setting; substance use disorder treatment for withdrawal; inpatient behavioral health treatment for pervasive developmental disorder (PDD) and autism.
- Pediatric eye exam and glasses or contact lenses are provided annually for members under age 19 as part of the essential health benefit for pediatric vision.
- A complete pair of glasses or standard contact lenses, in lieu of glasses, are covered every 12 months.
