

Pending regulatory approval

Vivity: a different kind of healthcare

for Southern California Small Groups

World-class care

Top-ranked providers and facilities

High-quality, award-winning hospitals, doctors, and specialists, known globally for their care.

Higher-quality care

Network health systems are connected through Anthem's technology, enabling data sharing and coordinated care.

Commitment to the community

Long record of supporting and investing in the communities they serve.

Aligned partnership

Financially invested to deliver the best patient experience and quality care that is accessible and affordable.

A member-first experience

Choice

Members choose a medical group for primary care but are not restricted — they can ask their primary care physician (PCP) to refer them to any specialty in the Vivity network.

- Day, evening, and weekend appointments
- Virtual visits through each health system's telehealth option and LiveHealth Online
- 24/7 NurseLine
- Mobile app
- **Unique to Vivity:** members can go to any Vivity urgent care, only pay their copay, and do not need to pay the full cost for service upfront
- **Unique to Vivity:** away-from-home benefit is available within the state of California (For example, members in southern California with college students in northern California are covered. This is usually only available to out-of-state students.)

Concierge service

- Specially trained team
- Vivity Concierge: support to find doctors and specialists, help with formulary questions and prior authorizations, answers to questions about costs, and connect members to case management and condition care programs

Self-referral

- Direct Access: members refer themselves to dermatologists; ear, nose, and throat doctors; OB-GYNs; and allergists in medical group
- Speedy Referral: doctors refer members to a variety of specialists without preauthorization
- **Unique to Vivity:** Physician Directed Access — members request specialty care through their PCP, who can refer them to a different medical group in the network

Simple payment system

- A simple copay system which makes member costs transparent and predictable

Collaboration

Coordinated care

Secure sharing of health information across the network provides a more complete picture of each patient's health.

Continuous improvement

Sharing of best practices to continually improve Vivity and provide members with continuity of care.

Value

Clinical and technological efficiencies create a unique ability to deliver the highest-quality, affordable care.

World-class, member-first care

Throughout southern California, members have access to top-ranked, award-winning doctors, physician centers, and hospitals in the Vivity network making it easier to receive the high-quality care they need.
