

## IRS SECTION 6055 AND 6056

### 2022 Employer Reporting Requirements and Deadlines

IRS Section 6056 requires annual information reporting to the IRS by Applicable Large Employers (ALEs) with 50 or more full-time (FT) plus full-time equivalent (FTE) employees with fully-insured plans, relating to the health insurance the employer offers (or does not offer) to its FT employees and their dependents.

IRS section 6055 requires annual information reporting to the IRS by health insurers, employers with self-insured plans, government agencies, and other providers of health coverage.

This chart shows the employer reporting responsibilities and deadlines under IRS Section 6055 and 6056. Employers subject to reporting should plan on meeting the deadlines outlined in the chart below.
